CULTURAL COMMITTEE

Jalosh- the Cultural Fest

The academic year 2022-23 dawned with bright and colourful optimism for healthy, peaceful times ahead after long 2 years duration of gloomy pandemic that almost changed the definition of human life on earth from social to homely and digital. Though new horizons of digital world were a Eureka phenomenon for many fields and the digital world was explored to its fullest by all, physical assemblies seemed to be a far-fetched reality during pandemic.

The cultural committee of the college, after converting the challenge of social distancing into a digital display of extra-curricular talents of students in the form of E-Jalosh for 2 years of pandemic, enjoyed the pleasure of nurturing the cultural talents of students once again through an offline display of their performances in various events as the students to were overjoyed to participate in the annual cultural fest physically after two long years of dreadful virus.

Jalosh-the cultural fest of the college was celebrated on 3rd and 4th February, 2023 with 16 various events in the performing, fine and literary arts. 266 students from various streams participated in the events like dance, singing, mimicry, mono-acting, Mehendi, Rangoli, poster-making, collage-making, t-shirt painting, face painting, best out of waste, nail art, flower arrangement, salad decoration, essay writing, debate, elocution and poetry reading.

The fest was inaugurated at the hands of Mr. Uday Shetty, alumnus of the college and President, Rotary Club of Mumbai, Bhandup. Mr. Arvind Rane, also an alumnus and a well-known singer was present on the occasion as the Guest of Honour. Annual Sports Meet – 2022-2023

Physical education is an essential component of the overall educational system. It not only aids in the achievement of the ultimate goal of education, but it also fosters student competence and confidence. Sports are really important in their lives. A student must work hard in order to succeed in competitive examinations. However, he should also engage in activities and sports in order to maintain his health and vitality. A student should spend time playing games and participating in sports in addition to academic studies.

Sports relieve us of our mental fatigue. Without sports, education is incomplete. For the general development of students, the University of Mumbai's Department of Physical Education and sporting organizes inter-college and inter-university tournaments in a variety of indoor and outdoor sporting events. As an affiliated college, our students take part in these events as well. Students are also taking part in events hosted by other colleges. Every year, our college hosts an Annual Sports Meet.
